1. The amounts appropriated above by the General Assembly, as indicated in the table above, were apportioned among Member States in accordance with the provisions laid out in section I. B below and are shown in sections III. A through E.

B. Apportionment of the costs of peacekeeping operations

2. Beginning in July 2001, the General Assembly, by its resolution 55/235, decided that "the rates of assessment for peacekeeping operations should be based on the scale of assessments for the regular budget of the United Nations, with an appropriate and transparent system of adjustments based on levels of Member States ...". Under this system Member States were assigned to one of ten "levels" to facilitate automatic, predictable movement between categories on the basis of the per capita gross national product (GNP) of Member States. Discount rates were applied to eight of the different levels based on the parameters set forth in the resolution. Member States in level B are assessed at the same rate as for the regular budget. Member States other than those assigned to levels A, C and J were assigned to levels based on their per capita GNP, subject to transition periods and unless they indicated a decision to move to a higher level. The Member States and their assignments of contribution levels are indicated in resolution 55/235, as adjusted by resolutions 55/236 and 57/290 A.

3. The five permanent members of the Security Council form a separate level (level A), and all discounts resulting from adjustment to the regular budget assessment rates of Member States in levels C through J are borne on a pro rata basis by the Member States in level A, which are assessed at a higher rate than for the regular budget. Member States designated as least developed countries are assigned to level J and receive the highest discount percentage, i.e. 90 per cent. They therefore pay 10 per cent of their assessment rates established for the regular budget. Member States in level C are specified in resolution 55/235. The composition of levels of contribution for peacekeeping operations was further changed for the period 2004 to 2006 in accordance with the provisions as contained in the addendum to the report of the Secretary-General,[1] and adopted by resolution 58/256.

4. By its resolution 58/1 B of 23 December 2003, the General Assembly adopted the scale of assessments for the period 2004 to 2006. The percentage shares shown in sections III. A through E below demonstrate the results of the application of the latest resolutions.

II. Basis for credits in respect of the Tax Equalization Fund

5. Under regulation 3.2 (e) of the Financial Regulations of the United Nations, adjustments shall be made to the assessment of Member States in respect of Members' credits in the Tax Equalization Fund estimated to be not required to meet charges for tax refunds for the financial periods specified below:
